Parents As Teachers

You are your child's first and most influential teacher! Parents as Teachers is an early learning program for parents and their baby. Parents have many questions:

- Is this normal?
- When should my child be doing this?
- I'm worried about . . .
- Why isn't my baby sleeping?
- Why does my baby cry so much?

We can help you find the answers to your questions!

Program Includes

- Personal home visits, for 3 or more years, with a certified Parent Educator who listens and provides information on child development and parenting skills
- Fun activities to help your baby's brain and body grow and develop
- Developmental screenings to identify your child's skills such as language, thinking and movement
- Information about community resources and referrals
- Access to **free** parenting classes, facilitated play groups and parent-child activities

Participation & Funding

This voluntary program is offered at no cost to Sheboygan County parents enrolling with a child under 12 months of age through the support of grants and generous community donations.
